ARTIST BIO

Anne Torpe (b. 1981, Copenhagen, Denmark) lives and works in Copenhagen, Denmark.

Anne Torpe studied at The Royal Danish Academy of Fine Arts, graduating in 2009.
Torpe's works radiate every-day scenarios in a movie like setting, bits of memory from a distant time, catching up with our contemporary lifestyle. Through a radically singular approach, Torpe uses references and ideas that are integrated into the process of the composition, creating both the scene, the humans and the figures in her topia. Where glamorus non-binary characters and the surroundings morph together in abstractions of perspective. A figurative cubism, where the collage of colors and lines plays with the degeneration of an image.

By merging several seemingly incompatible worlds into a new universe, she uses a visual vocabulary, where multilayered images arise in which the fragility and instability of our seemingly certain reality is questioned. The work incorporates time as well as space – a fictional and experiential universe that only emerges bit by bit.

Anne Torpe has exhibited at Kastrupgaardsamlingen, Städtischen Kunsthalle München, Bricks Gallery and Alice Folker Gallery among others
